

Vertu 5

SE**N**OR

SE_NOR TECH CO., LTD.

V5 series features a brand new concept to present an ultra-narrow bezel screen and sleek exterior design with colorful bezel and casing to represent your elegant style. The V5 is an energy-efficient solution of compact construction with fanless mechanism fitted in a high-performing system enabling for a quiet, highly reliable and stylish operation.

The standard version includes an internal Half-Slim SSD, with optional storage expansion of a 2nd SSD (Optional: internal mSATA or Half-Slim SSD). This is simple add-on port that can support RAID 1 Disk Mirroring functionality, thereby ensuring the safety of each transaction data.

The V5 offers support panel in a new edge to edge design, featuring a mix & match range of modular colored bezel frames; creating a visually pleasing appeal.

V5 is the ideal companion for all requirements of hospitality and retail business industries specialists.
